 **WatouDou** is glad to welcome:

## **THE SERVANTS** **NIRVANA TRIBUTE BAND**

The Servants take off where Kurt, Krist, Dave and Pat stopped, with genuine love and feel for the music, live spirit and punkrock attitude. The Servants are a unique and unmatched Nirvana experience, a real tribute, meticulously using all the same gear, cloths, props and energy reproduced even in the smallest details. Let them take you back to 1994 as if that fatal day in April never happened.

## **LOW ESTATES** **GRUNDGE PUNK ROCK**

Low Estates is one of those bands not easily put in a box. Originating from the rather dull countryside west corner of Flanders, the garage revival rockband does not offer one song without a sufficient level of madness, either musically or lyrically.

## **TOM DEPLAECIE** **RESIDENT AFTER PARTY DJ**

Friend of the family, Tom Deplaecie, has been a constant throughout the lifecycle of WatouDou, his choice of records and albums will most certainly please our crowd.
